

DRAPER LABORATORY
FEDERAL GOVERNMENT NON-COMMERCIAL FLOWDOWN PROVISIONS

This contract or solicitation incorporates by reference clauses from the Federal Acquisition Regulation (FAR), with the same force and effect as if they were given in full text. In addition, depending upon the funding source for the Prime Contract, FAR supplements from other government agencies may apply, such as the Department of Defense FAR Supplement (DFARS), Navy Marine Corps Acquisition Regulation Supplement (NMCARS), or the National Aeronautics and Space Administration FAR Supplement (NFS). The additional DFARS, NMCARS or NFS clauses augment and supplement the FAR clauses, taking precedence over the FAR in the event there are conflicts between the two. Certain clauses may not apply to this subcontract – notes and limits on the application of the clauses are stated below. The Contracts Disputes Act shall have no application to this Subcontract. Any reference to a “Disputes” clause shall mean the “Disputes” clause of this Subcontract. Where necessary to make the clauses applicable to this Subcontract, the terms “Contractor” shall mean “Subcontractor,” “Contracting Officer” shall mean “Draper” and the “Government” shall mean “Draper” or the “Government” whenever appearing in a clause, except where specifically noted under any particular clause that the rights contained in the clause shall flow only to the U.S. Government.

The complete text of any clause incorporated into this Subcontract by reference may be obtained from Draper, or full text of a clause may be accessed electronic at these addresses:
